She also taught the children the names and location of six places of Bible History, Gaza, Jappa, Carsarea, Hebron, Jerioho and Bethel. There were about twelve hundred people in attendance at the young people's meeting. The Rev. C. H. Yatman took for his theme, "The Blood of Christ shed for Me." The Rev. Dr. Loomis's lesson to the normal class was on "Sunday-School Management" "Bible Interpretation." He took up the progress of doctrine in the New Testament. eaching of Christ constantly pointed to the future. The principles of the progress of doctrine are unity, life, growth. The principal pieces will be "A Scrap of Paper" and "One of Our Girls." Company, said yesterday: "I have made a number of engagements of performers who do entirely novel acts. One of the most important is Trewey, who has long been a favorite in London. His emertainment has numerous features, including the "shadowgraph," which he has brought to extraordinary perfection. He is also a wonderfully clever juggler, but his most remarkable work is in his facial impersonations. With a large brimmed soft felt hat as his only aid, he assumes some twenty different characters. The Taochi Brothers are extraordinary singers, one having a voice that sounds exactly like the tone of a bell.

Then we shall have Tholen with his poodle de that really sings. It follows and reproduces the notes of a clarionet, in the Last Rose of Summer Kate Seymour, the original of the Galety School of dancing, who was the predecessor there of Let-Lind, is also coming. Her style of dress, her manne and her dancing are peculiarly her own. The Atho in a 'Spider and Fly' act, will also be a strikin novelty. We shall have four pretty girls in a Galety dance, and the grotesque dancers and acrobats the Pinands. So, with the American artist, Gus. William and the Irwin sisters, the company should be strong and attractive."

HOPE CHAPEL PEOPLE ON A PICNIC. It was a jolly company that boarded the barge Coxackie and, towed by the Storling, visited Oriental Grove yesterday. "The Annual Excursion of Hope Chapel" the tickets read, showing that the people were representatives of the mission in Fourth-st, of the Rev. Dr. Howard Crosby's church, of which the Rev. J. B. Devins is pastor. A promenade concert took the place of dancing on the barge, the band play-ing marches instead of waltzes. At the grove a set of athletic games, a baseball match, bathing, swinging and rowing and the inevitable spread of luncheon filled a pleasant afternoon. There were over 300 young people on board, and the usual number of mothers and babies, and all seemed to enjoy the day's outing exceedingly.

HAS MR. ARBEY ENGAGED ALBANI? L. M. Ruben, a musical agent in this city, has re ceived a cable dispatch from Ernest Gye, the husband of Mme, Albani, which says that his wife has been engaged by Henry E. Abbey for all his operatic season in this country. This engagement seems to be

eculiar one, as Mme. Albani is an extremely high priced singer, and it would scarcely pay any man-ager to have her and Tamagno in the same cast. Besides it was given out that Clementina de Vere, Besides it was given out that Clementina de Vere, formerly of the Campanini Company, is to be the soprano with the great tenor. Adelina Patiti was to be the other star, and though it has been reported that she was ill, no indications have been received that she will not be able to keep her contract. Mr. Abbey will probably arrive here this day week.

PROPOSED REMOVAL OF THE APACHES. Washington, July 20.-For several months the War Department officials have had under consideration the proposed removal of about 400 Apaches, including the members of Geronimo's band. They are at preat Mt. Vernon Barracks, thirty miles north of Mobile, They were first taken to Florida, where the climate told severely upon them. It is conceded that their present location, although more suitable than Florida, is not conducive to the welfare of the Indians, who were born and brought up in the mountainous retions of New-Mexico. The Indian Rights Association and the Massachusetts Indian Association have offered purchase the land necessary to accommodate the Indians, if the Government will select the site and authorize the chauge. General Howard suggested that the hill country of Alabama, Georgia or North Carolina would be better suited to the Apaches than any land on the seaboard. On June 24 Captain John G. Bourke, of the 3d Cavalry, and Professor C. C. Painter, of the Indian Rights Association, had a conference with the principal Indians at Mt. Vernon Barracks upon the subject of their removal to a more desirable location. Key East Beach, July 20 (Special).-A large audience attended the morning lecture at the Auditoum, on the Seaside Assembly Grounds. Edward H was absent, but his place was ably taken by the Rev A H. He said that all agree in teaching that the individual the aim of culture is perfection, and for the race to make reason and the will of God pre-He argued that before this ideal could be real ized the cultured classes must first recognize and discharge their political responsibilities; second, devote their thoughts to current sociological problems third, seek the adjustment of the facts of religion to the life of to-day; fourth, recognize their obligations in the field of practical philanthropy. A concert was given in the evening under the direction of Professor W. A. Lafferty, of Pittsburg. The soloists were Mrs. Bolee Hunsicker, soprano; Miss Edith Waylen, of Philadel-phia, contraito; H.
